

Technology Use Agreement 2020-2021

Our Code of Conduct

Be Safe, Be Respectful, Be here to learn.

Technology in the Edmonds Heights community is made available to serve our vision and mission. In order for users to be proficient, knowledgeable, and safe, District technology use and Internet connectivity include significant responsibilities. Users who demonstrate a lack of responsibility as outlined in this agreement may have access suspended. Use of District technology and the Internet is a privilege, not a right.

It is assumed that parents grant their child the right to access the network unless a signed Internet and Electronic Communication Exclusion form is on file.

Edmonds Heights staff may prioritize use and access to technology systems in service of supporting parents as primary educators. All use of the network must support education and research, and be consistent with the school's mission, policies, and applicable laws.

The Internet is changing minute-to-minute, and guidelines for acceptable use are necessarily broad. *Examples of unacceptable use:*

1. Bullying, intimidation, hazing, or harassment
2. Violent, profane, or sexual content
3. Attempts to gain access to secure or blocked systems
4. Downloading unauthorized software
5. Plagiarism or copyright infringement of any kind
6. Posting or publicizing names, images or words of others without explicit permission

Staff have discretion about whether online behavior is safe and appropriate for a given situation. For more specific guidance, reference Edmonds School District Policy Procedure 7396 R1.
